# TABELLA SHEESH MAHAL

More than a riding Establishment

## WHO ARE WE?

'Tabela Sheesh Mahal' is much more than a Riding Establishment. We operate as family in this riding school, always helping each other to grow together. Established in 2018 this equestrian establishment saw it's first horse arrive during the lockdown; and since then has gone strength to strength.

## WHY RIDE?

Horses are the most important animal in our culture since the time of kings. They have immense ability to heal people and through learning how to care for them, understanding them and riding them It builds character and confidence. Pupils will develop many new qualities and enhance their own lives. These sure footed creatures are one of the most loyal animals and they form a beautiful bond with the rider.
